SECTION Municipal
FILE NO.
SERIAL NO. 2

The Chief Secretary to the Dewan of Mysore, Bangalore.

Sir,

I have the honour to forward the enclosed Budget Estimates of the Union Municipalities in this District with a Memorandum in which I have explained in detail the several proposals made in all such cases as need explanation.

2. The estimates made by the several Municipal Boards are exhibited in the statements in black ink while the modifications which I have proposed for the sanction of the Government are shown in red ink.

3. In regard to the proposals for the entertainment of a Gumasta in each Taluk, I beg to submit that the temporary lump sum grants made by the Government from the Provincial Funds towards the strengthening of the Revenue Establishments, in their Proceedings No. 16928-36-G. 3368 dated

6th April 1894, viz: Rs 1620 is ~~to~~ in-
adequate to meet the requirements.
There are ten Taluk Offices in this
District including the Dy: Builder's
office at Closepet, besides the District
office. The requirements of the Rev:
Department itself demand more
than one hand for each Taluk Office,
but I could hardly give one hand
without sacrificing the wants of
my own office. The cost of the
Establishment now proposed including
the Taluk offices, the District Office,
the Comptroller's office and the Dewan's
office is only 6.6 per cent of the income
of the Municipalities which I hope
will be conceded as low. I beg particular-
ly to request attention to the fact
that as explained in the enclosed
memorandum the proposed cost is
within the means of the Municipalities.

3. There is, however, one point I
failed to recognize when I wrote
the memorandum and made my
calculations ~~and~~ to which I should
like to draw the attention of the
Government. I excluded the Public

works expenditure from the permanent charges; but the maintenance of roads and drains are as necessary as any other item. As roads in these small towns, except those in the charge of the Department Public works and maintained from other than Municipal Funds, are almost all gravel roads, the maintenance does not cost more than 20 per cent of the income. With this addition, the marginally noted

Municipalities have an income large enough to admit of the proposed increase of Establishment-charges. In the case of others also the increase is equally necessary, and as the Dewan while replying to an address presented to him at Hoskote during his last visit was pleased to say that after the revision of the

taxes if the wants of any municipality required the transfer of the Government moiety of the Mohatorpa taxes, he would be prepared to make the transfer, I expect the insufficiency of funds to be more than sufficiently made up by the transfer about which I purpose shortly to address the Government. For the present, the large balances supply the funds.

4. In conclusion, I have only to apologise for the long delay in the submission of the estimates for sanction which is mainly due to the desire to present them thoroughly and well considered. The large balances which remained unspent in spite of the numerous wants unattended show the scanty attention paid hitherto to the administration of the small municipalities.

When a branch of work long neg-
ed has to be well sifted, it re-
quires time and attention which
a hard worked Deputy Commissioner
in the midst of other urgent calls
cannot always command. Except
in regard to Public works the
expenditure at present ~~is~~ is incurred ac-
cording to the hitherto sanctioned
scale and will continue to be so
till the Budgets are passed.
In regard to Public Works, neces-
sary preliminaries in accordance
with my proposals will be made
pending sanction of Government.

I have the honor to be,
Sir,
Your most Obedient Servant,

Wir Shujaat Ali
Dy Commissioner.

Memorandum explain-
-ing the variations between
Budget estimates proposed for
the year 1894-95 and the gr
for 1893-94 for the Minor
Municipalities of the Baug
District.

Yelahanka.-

Receipts

II (1). House tax.- Government reduced the estimate for 1893-94 to Rs. 180. Actuals for 1892-93 were Rs. 305. Hence the estimate for 1894-95.-

X (2). (d) Pounds.- Actuals of 1892-93 and for 6 months of 1893-94 show that the Board's estimate of Rs. 50 for 1894-95 is too low. I have therefore raised it to Rs. 100.

(f) School fees.- According to the Proceedings of Government No. 309-25 dated 2nd March 1894,

this item has to be removed from the Municipal Budget. I have therefore scored it out.

Expenditure

(3) II Head Office. - As all the taluks could not be provided yet with English knowing Clerks, the extra clerk on Rs. 15 sanctioned in Proceedings No. 19645-53/48-92 dated 5th June 1893 is retained.

(4) Work in the Taluk Office is very heavy. A Mutseddy to prepare accounts &c. of the two minor Municipalities in this Taluk is absolutely needed. The Board has proposed one on Rs. 6 a month to be charged equally to this and the Kengeri Municipalities. But a Clerk cannot live in Bangalore on Rs. 6 a month to employ a man on such an inadequate pay would be to compel him to ...

his hands. I have raised pay therefore to Rs. 10 a month putting down Rs. 5 to this Municipality which it can well afford to pay (vide para (9) below.)

(5) IV Conservancy - Establishment. - The number of sweepers provided by the Board is only 3. Railway has raised the importance of the place. It has a population of 2668. The number I think must be raised to 5 which the funds permit (as later on).

(6) VII. The Town requires more lights. I have raised the estimate by Rs. 20.

(7) X. Education. - Proceedings of Government No. 309-25 of 2nd March 1894 impose a contribution on this Municipality and therefore the provision made has

been scored off.

(8) XI (c) Cattle pounds. - The Board apparently inadvertently has omitted to provide a grant under this head. I have provided Rs. 20.

(9). (d). Rewards to killing dogs and snakes. - For the above reason I have provided Rs. 5.

(10). The annual normal income, and expenditure on permanent services amount respectively to Rs. 582 and Rs. 423 justifying thus the modifications of the Board's proposals noticed in paras (3) and (4) above.

The financial position of this Municipality is as follows -

Opening Balance - Rs 593-3-11
Income -- -- Rs. 52 - - -
Total gross Income Rs 1145-3-11
Deduct permanent expenditure - Rs 423-0-0
Funds available for Public work. Rs 722-3-11

(11). The Board apparently not being aware of the ope balance available for ex = penditure during the year has made small grants Public works VIII. But we have a large balance. I see no use in shutting up available funds while are needed for expenditure I have therefore raised the grants and have also left a large closing bal

Kugeri. -

Receipts

(12) II House Tax. - Same remarks as for Yelahanka (para 1 above).

(13). X. (d) Pounds. - Same re as for Yelahanka (para 2)

Expenditure

(14). II Head Office. - Same remarks under Yelahanka (paras 3 and 4).

(15). IV Conservancy. - One sweeper is added by me (Two)

population being 1622 and the funds amply justify ing it.

(16) VII Lighting. The present lighting is very inadequate. I have raised the provision to R$ 100/-.

(17) XI (c) Cattle pound. The provision having been made by the Board I have put down R$ 20.

The annual income is R$ 199 and expenditure on permanent servants R$ 281.

The financial position is as follows:-

Opening balance	R$ 1396
Annual income	R$ 199
Total gross income	
Less annual charges	R$ 375-- --
Funds available for suitable works	R$ 1520 -- --

(18) Water supply being very defective I have provided R$ 1000/-

(20) VIII. Public works.- Read remarks for Yelahanka (para 11).-

Doddaballapur.-

Receipts.

(21) II. House Tax.- For reasons given in the case of Yelahanka (para 1) I have raised the estimate to Rs. 700.

(22) X. School fees.- Under Proceedings of Government No. 309-25 of 2nd March 1894 this item is scored off.-

Expenditure.

(23). II. Head Office.- It is impossible to get on with Municipal work in this large Minor Municipality without a Muhsuddi that can prepare accounts and supervise Conservancy &c. The Board has rightly provided for one but the pay proposed is inadequate. I strongly deprecate any pay

less than Rs. 10/a month. The funds can easily bear this charge. The charge is to be divided equally between Head Office and Conservancy.

(74). Conservancy — establishment — Number of sweepers

(75) Two more sweepers @ Rs 4/each are added to the population being 7141 and funds supplied

(76). III Lighting — Two more lamps are provided by the Board but 21 is too small a number for a large place like Rajahmundry — per thousand persons it comes to 30 or 40.

(77) X Education — Income of municipal schools

(78). XI Miscellaneous — note remarks for Vizianagram would that the Chairman's grandson in the Municipality

owing to large income.

(29)(h) Other items. – Proposed estimates are the same as sanction grants for 1893-94. –

(30). The Board propose Rs. 2257 under IX Charitable grants but as no explanation is given for the increase proposed, the sanctioned figure for 1893-94 ~~for the current year~~ is retained for 1894-95 also.

(31). The normal income is 2232 and the cost of permanent services (excluding Kazeem Kamatis) Rs. 1475.

The financial position stands thus :-

Opening balance	Rs. 4041-0-0
Yearly income	2232-0-0
Total gross receipts	Rs. 6273-0-0
Deduct permanent charges as above	1475-0-0
Kamati charges	144-0-0
Closing balance at 25% of normal income	558-0-0
	Rs. 2177-0-0
Balance available for Public Works	Rs. 4096-0-0

(32) VIII. Public Works – Ordi

Remarks for Yelahanka
(Para 11).

The Board proposes
in all for 1114. I have raised the
estimate for road metalling
to an amount that seems to me
to be reasonable, have provided
Rs 50/- for water supply -
repairs and have reserved
Rs 500/ The Executive Engineer
has in his docket No. 562 of
the 9th February 1913 asked
me to make a provision of
Rs 223 for Constructing an
inspection [illegible] opposite
to row and improving the
[illegible] in the Compound
of the Dispensary and for
repairs to the Building
I have complied with his
requisition. The total expenditure
under these heads as proposed
by me amounts therefore to
Rs 1773 to which is to be
added the amount allotment
for incomplete works (Vide
P. 354 of 19th September 1912)
[illegible]

a large balance (Rs. 4096-2217 or Rs. 1879) left. I shall call on the Board to send a supple = = mental Budget for utilising it

(33) The Board has made a provision for stone dust bins. I am opposed to stone dust bins, for two reasons first, being permanent fixtures, they contaminate the soil: secondly, they are ugly and unsightly. The provision will be utilized on zinc dust bins.

Nelamangala. — Receipts.

(34) II House Tax. — The provision has given the figure mentioned as estimate for 1894-95.

VII. Shop-Tax. — Ditto

Cart Tax. — Reduction is due to the same cause. —

(35) X. (a) Sale of house — Sites. — The ~~Current years~~ estimate for 1893/94 was overdrawn. More sites in the

in the town extension have yet to be sold. Rs 200 is a fair estimate.

(36) X (d). Pounds. — Actuals do not justify the high estimates for the year 1893-94. Hence it is reduced.

(37) X. (g) We have retained the estimate for 1893-94 as in Bangalore we get an income by sale of rubbish on condition of the water removing it from the drains &c. The Amildar has now allowed a right to take it without cost of carriage to the Bowringpet without fixing for the rubbish. I shall write to him about it.

(38) X (k) Sale of grass and trees &c. Income in 1892-93 and as much is expected in the current year &c.

down Rs. 16 as in 1892-93.-

Expenditure.

(39) II. Head Office. — Vide remarks for Yelahanka (para 3) — except that the Board has itself proposed the pay for the Taluk Muttsuddi at Rs. 10/a month. The Cost is to be divided between Nelamangala and Tyamagondlu and therefore a half of it is put down for the former.

(40) III. Collection. — A provision of Rs. 60 is made in this acco No grant was allotted for the purpose in the year 1893-94 or the previous years. The Amildar proposes to pay it to the Shanbogue and the Potel as these officials receive the Photagi, they are not entitled to any extra remuneration I have removed this provision

(41) IV. Conservancy establish = ment. One peon not sanctioned for 1893-94 is proposed

one Rs. 5/- a month (total Rs. 60 per year). Thus too I consider superfluous.

(The Municipality who remains at Kelaniya ought to look after Conservancy there. I have removed the proposed expenditure.

((42). The Board has proposed to reduce the number of sweepers by 2. I shall give reasons why there are 12 now. I am not quite sure whether this reduction is wise. The population will fall but the work at which I have increased the establishment will otherwise remain as it is necessary but no rule is kept down in consideration of other charges I have, however, allowed the reduction to stand.

(43). The diminished ex-
=penditure under "Conservancy,
other charges" is due to the
removal of sweepings free
of cost as noticed above under
receipts (vide para 37).

(44). V. Police. — As the night
watch in Municipal Towns
was discontinued under
Government orders and a
separate Police is not as yet
appointed Rs. 243 is provided
for entertaining 1 peon on
Rs. 7 and 2 on Rs. 6. - This is
not a legitimate charge on
the Municipality, I therefore
propose to remove it.

(45). VII. Lighting. — The ex-
=penditure is proposed to be
curtailed by abolishing the
peon and giving out light-
=ing on Contract. The
Board has under estimated
the cost, I do not think
the Amildar can get a
Contractor at 8 annas per
lamp. The cost of maintaining

the existing 12 lamps will not be less than Rs. 100 which figure together with Rs. 50/ for maintaining the newly proposed lamps I have put down. The peon may be dispensed with. Kelaniya is a pretty large place. We ought to give more lights. I would propose six more.

'46). The nominal income and the cost of permanent services including Kanatics for the repairs of roads &c and also including the increase of establishment &c now proposed are respectively Rs. 1520 and Rs. 1710 which clearly shows that the Municipality is quite capable of bearing the increased expenditure

Financial Position

Opening balance	Rs. 2548--
Annual income	Rs. 1520-0-0
Total gross income	Rs. 4068--
Deduct permanent charges excluding Kamaties	1128-0-0
Kamati establishment	132-0-0
Closing balance at 25% of yearly income	380-0-0
	1640-0-0
Balance i-e funds available for Public Works.	2428-0-0

(47). VIII. Public Works. - To the estimate of the Board, I have to add as per Executive Engineer's docket No. 562/173 of the 9th ult. in February last, informing that towards the cost of constructing a compound wall and repairing the local Dispensary, the Municipal Contribution amounts to Rs. 100 and Rs. 40 respectively. A balance of Rs. 1598 still left which is high and to-

utilise which I shall send a supplemental estimate in consultation with the Board. —

Receipts

Tyamagondlu

(48) II. House Tax. — The estimate for 1893-94 as revised by Government furnishes no correct data. It is much below the actuals for 1892-93. The remission has raised the tax. The Board's estimate for 1894-95 may be accepted.

(49) The increased estimates in general in this and other Municipalities under Mohaturfa and house taxes are due to the remission of taxes.

(50). X (a). Sale of house-sites and lands. The amount sanctioned for 1893-94 was Rs 2000 but as sales did not take place

a large income is expected in 1894-95.

(51) X (d) Pounds. – The proposed increase is justified by the actuals of 1892-93 and ~~the first of~~ 1893-94.

(52) X (f). The estimate of School fees should be struck out as per Government Proceedings C. No. 309-25 of 2nd March 1894.

Expenditure.

(53) Head Office - Vide Kelaniang (Para 39).

(54) IV (a) Conservancy. esta- -blishment. The Board proposes a peon as in the Case of Kelaniangala which provision I have retained as the Muhandiram will not be available here

(55) V. Police. - The Board's estimate is scored out for reasons given in the Case Kelaniangala (Para 44).

56) VII. Lighting. – As in the case of Kelaniangala the cost of lighting 12 lamps is underestimated. It is raised to Rs. 100. This is also a large place with a population of 3748. I would increase the number of lights to 16 and make the required provision.

(57) VIII. Public Works. – As per letter to Government No. 282 dated 5th September 1893 Rs. 132 is added to cover the cost of Kanatis. Provision for works will be referred to later on. –

(58) X. Education. Vide Government Proceedings C. No. 309-250 of 2nd March 1894. –

(59) The normal income excluding income under sale of land which

is extraordinary is Rs. 1225. Cost of permanent services including Kamatics and increased establishment is Rs. 1057. The Municipality is thus capable of bearing the increased expenditure.

The financial position is shown below:-

Opening balance — Rs. 2689.
Annual income — Rs. 322.
Total gross income — Rs. 5914.
Deduct permanent charges. — 919.
Kamati establishment 132.
Closing balance at 25% of income. 806.
1857.
Funds available for Public Works — 4057.

(60). VIII. Public Works - The Board has proposed an expenditure of Rs. 690 excluding Kamatics which leaves a balance of Rs. 3427. I have therefore increased the

expenditure by Rs. 2050 for the following reasons:- The proposed extension of the term not having been carried out in 1893-94 the grant under Compensation was not utilized. It is therefore repeated for 1894-95. The extension will need new roads and new drains. Hence the Board's estimate under these heads has been increased. We have also to provide Rs. 649 for incomplete works as per No. 354 of 19th September/94. Thus, total expenditure under Public Works is Rs. 3389. Still a large balance of Rs. 928 is left. I shall later on, if necessary send a supplemental estimate of further expenditure.

Receipts

Kankanhally.

(61). Differences are but slight except under School

fees which are recorded out under Government Proceedings C. No. 309-25 of 2nd March 1894.

Expenditure. –

(62) II. Head Office. – District Office explained above. (Vide para 3).

(63) IV. Conservancy establish= =ment. Provision for a sweeper on 1 Rupee a month is continued. It is paid to the Sweeper of a chattram. I am not aware of a Government or Municipal chattram at Kankanhulli. There is a private chattram. Why it should be conserved at the Cost of the Municipality is not understood. Pending explana= =tion the charge is retained

(64) X. Education. – Modified as per Government Proceedings C. No. 309-25 of 2nd March 1894.

(65). VIII Public Works. – The Board proposes an expenditure.

of Rs. 310 and the Executive Engineer proposes a contribution of Rs. 118 for the improvement of the well in the Dispensary and repairs to the Dispensary Building. But the funds at the disposal of the Board are as follows:—

Opening balance — 271.
Income — Rs. 1007.

Total gross income Rs. 1278

Deduct charges excluding Public works. — 756.

Closing balance at 25% of annual income. — 252

1008

Funds available for Public works Rs. 270

(66) I cannot under these circumstances propose to add Rs. 118 as suggested by the Executive Engineer. The Board's grants have also to be cut down by Rs. 140. I have taken it off

Drains and Road repairs -

(67). Comparing the income under house and shop taxes with other towns of similar size e.g. Nelamangala, Anekal and Hosakote, I find the income in Kankan= =halli to be comparatively very low. I am inclined to think that these items of taxation have been under assessed. I am drawing attention of the Amildar and the Jamabandy Officer for current year to it and I hop that it may lead to an in If the Government will be pleased to increase the I recommend that the allotm asked for by the Executive Engineer, which I am c= Compelled to exclude, may be sanctioned -

Enclosure

Magadi - Receipts:

(68). X.(6) School fees - Scored out (vide para 61).

(69). X(9). Sale of manure. - Vide remarks para 37 in the Case of Velamangala.

(70). Other items call no remarks.

(M.) The Board has Contributed Rs. 100/ for depositing monkeys and the is held in deposit.

Expenditure

(71) II Head Office - District Office explained above (vide para 3).

(72). II Taluk Office - Vide remarks in the Case of Doddaballapur (Page 231)

and remarks below about financial position (para 77).

(73). IV Conservancy Establishment. — When a Mukaddi is allowed a peon for the head quarter Station is superfluous and is therefore disallowed.

(74) IV. Conservancy other charges. - No cost is incurred in Municipality except in Chennapatna and Closepett. Pays a Conservancy Cart. The proposed continuance of the charge is, however, retained pending explanation but I believe it will not be needed.

(75) X. Education Modified as Government Proceedings C[e] No. 309-25 of 2nd March 1894

(76) XI. Miscellaneous. - Cattle Pounds estimate is raised by the Board from Rs. 40 to Rs. 60. No explanation is given.

Therefore I have retained the ~~current year's~~ grant for 1893/94.

(76) XI (b). Rs 200 is provided for deporting monkeys.

(77). The normal income is nearly 1600 excluding Contribution towards deporting monkeys and the cost of permanent services excluding the cost of deporting monkeys is 1404. But the Cost of the Conservancy (Rs. 120) will, in all likelihood, go. The permanent charges as now proposed may therefore stand. The financial position is:—

Opening balance — Rs 2671
Annual Income — Rs 1697.
Total Rs. 4368

Deduct charges excluding Public Works — 1504.
Closing balance at 25% of income 424
Rs 1928

Funds available for Public works — 2440

(78) The Board proposes an expenditure of Rs. 765,

to which is to be added the
cost of Kamatkies. Rs 156 and
Rs 374 Contribution towards
repairing the local dispensary
as proposed by the Executive
Engineer in his docket
No 2305/723 of the 6th June 1894.
Thus, the charges amount
only to Rs 1295 and have a
balance of Rs 1145/ from
which I propose to increase
the allotment for repairs
of roads to Rs 300 and to
allot Rs 300 under Reserve.
The roads are not in
very good condition and
there is a proposal to
extend the town under Con-
-sideration. We have
also to provide Rs 493
for incomplete works
as per c/- 354 of 19th
September/94.

Receipts.

Chennapatna - (79) X (f). School fees are returned as per paragraph 2 of Government Proceedings C. No. 307-25-f. 2nd March/94 — The other items need no explanation -

Expenditure.

(80) II - Head Office. District Office explained above (vide para 3)

(81) III - Collection - The plintage is not fixed yet. Hence the retention of the charge, the Board's proposal for 1894-95 having been cut down to the sanctioned grant for the year 1893-94 viz: Rs 72/-

(82) IV - Conservancy - The charges as proposed by the Board are the same as in 1893-94. The Board proposes to purchase 6 more dust-bins, as in 1893-94. The existing

number as not reported, but I know it is very inadequate.

(83) Hire for a conservancy cart is to cost Rs 180/- The rate is excessive. It is cut down to Rs 144/. and is at that figure retained pending explanation as to why it is wanted, though I believe this item will be found unnecessary.

(84) VIII. Lighting - 5 more lamp posts are proposed at Rs 8/- This will make the total No 30, which is by no means too large. The Board does not provide for lamps which seems to be an oversight. So the provision is raised to Rs 60/-

(85) X. Education - As the Government has not fixed

fixed the contributions, the usual charge of Rs 15-9/ is retained.

(86) XI. Miscellaneous. (c) Cattle pounds. The Board has proposed Rs 5-9/. I have cut it down to Rs 4-9/, the sanctioned amount for the year 1893-94

(87) XI (d). Rewards for killing dogs and snakes. It is reduced by me to Rs 30/. which ought to suffice.

(88) Thus the total cost excluding Public works is Rs 3697 the cost of new dust-bins and of new lamps viz Rs 188, which is not permanent charge being excluded: the cost of permanent Services amounts to 3511 while the income including School fees is Rs 3600/. Excluding Education whose transfer to

to the Education Secre-
-tary is under contem-
-plation and will in
all likelihood be effected,
both from credit and
debit, the income
and permanent charges
amount respectively
to Rs 2100/- and Rs 1920/-
Chemapatna is a large
Municipality: the necessity
for a Muttsaddi here
is greater than elsewhere-
A man on Rs 10/- is ab-
-solutely needed- The
Conservancy establish-
-ment is also very in-
-adequate. The Municipality
has a population of 9160.
We have 16 sweepers. This
number should be in-
-creased by at least 3 hands
on Rs 4/ each. The peon
may be dispensed with.
If the Government sanction
these

these proposals, the cost will rise by Rs 204 viz. to Rs 2124. If, as I expect, the conservancy cart can be dispensed with, there will be a saving of Rs 1207. I cannot too strongly urge the necessity for these proposals and for exonerating the Board altogether from the management of the High School. It is to be noted that the opening balance is Rs 1422, from which 25 per cent of the income may year after year be put by for the closing balance required by the rules. Thus even with the present income an Equipoise of the Budget is possible. But this is the largest Municipality in the District next to the Bangalore City

and deserves better Sanitary and other arrange-ments which are not possible with the present income. I am therefore making a separate re-ference to the Government to transfer the Govern-ment moiety of the Motarpha.

(89) VIII (a) Public works- The Board proposes an expenditure of Rs 2100/- and the Executive Engineer of Rs 174/- as contribution towards repairs to the Compound wall of the Dispensary- Rs 45/- is Required for incomplete works as per No. 354 dated 19th Instant- The apparently large provision of Rs 800/- which the Board has made for new roads and new drains respectively, I have raised by Rs 200/- each

and have further pro-
-vided Rs 2000/- for com-
-pensation. This is an old
town with numerous —
narrow and blind streets,
which are chiefly in-
-habited by the fanatical
and turbulent class of
Dayari Mussalmans.
Both on the ground
of sanitation and on
that of public con-
-venience and safety, it
is very necessary to open
up this part of the town
by widening certain
streets and lanes and by
making communications
through. It is also necessary
to extend the town, as cer-
-tain parts of it are at
present over crowded. The
balance of Rs 762/- left
will, in all probability,
be required for the above
purposes, but I shall
reserve it for the present,
as it can easily be allotted

when actually needed

(90) The finances stand as follows:-

Opening balance —	1,422
Income including school	3,600
Total	5022.
Charges including the school but excluding Public works	3685-
Balance at 25 per Cent	
Ramati Establishment	192
Funds available for Public works	245-

(91) To this should be added Rs 5236/ which represents the Government share of the Nuisance for the years of 1890-91 to 1892-93, when as a special con-cession the Government share was made over to the Municipality, but when by a mistake the amount was credited to it. Dated Bangalore 23rd/26th February/94

No. 5464/112

Sir, With reference to your docket No. D-965 dated the 17th/19th February 1894, I have the honor to inform you that the Devanhully English school has been amalgamated to all intents and purposes with the Kannada Scho since June 1892, all common subject being taught since the amalgamation in the Kannada School. For the five English classes, two English teachers are absolutely necessary as each cl

requires instruction for about two hours every day in English text, writing Spelling, Grammar, Translation &c. The question of the cost of the English School need not however be discussed now as Government has ordered the conversion of all Municipal English schools into Government Institutions from the 1st July next with a fixed grant from the Municipalities concerned.

The Sanskrit school receives a grant of Rs 107. from the Provincial Funds and a similar grant from the Municipal Funds. There are two teachers in the school. The services of one of the teachers may be dispensed with and the grant from the Municipality may be withdrawn. The other teacher may be made Sanskrit Master of the Taluka School, if Government orders from the 1st July 1894

I have &c. &c.

(122) X Education. I have
struck out the provision
of Rs 60/. for the so called

Sanskrit school which
hardly existed. I know
the place very well. There
is absolutely no demand
for Sanskrit Education.
The item was apparently
a provision for a favorite

at some time past. This
man, however, did not
even stay at the place
and the so called school
was seldom taught. His
absence coming to my
notice his pay was stopped

the Government quoted
above are at the dis-
posal of Government.
The Estimate for 1893-94
is itself low If so much
has not been realised
it must be due to ill
mismanagement by
local officials The
Deputy Amildar will
be written to. The
Board's Estimate of
Rs 30 is raised to 70 Rs
as in 1893-94.
6) Scavenging fees.
The arrangements
sanctioned by Govern-
-ment in their orders
quoted above do not
seem to have been given

Expenditure.

(137) II Head office, District office vide Remarks in the case of Zelahenka

(138) This is a large Municipality for reasons explained in several places above. a clerk on Rs 10 is provided The necessity here is greater than elsewhere as the Deputy Amildar has a very small office establishment

Conservancy Establishment (139) IV

The ordinary Conservancy establishment

Dawi in 1892-93:-

1 Peon on Rs 6
2 Sweepers on Rs 5 each
5 — do — Rs 4 each
1 — do — Rs 6

The increased provision in 1893-94 was in compliance with the orders of the Government quoted above. The local authorities seem to have employed the peon who is generally useful and omitted to take action in the other directions. For 1894-95 the Board proposes something like the old scale A thorough revision is needed I shall insist on the Government orders being carried out. The scale I have provided

as

is explained below
The population is 6236
At least 12 sweepers
will be needed for
ordinary conservancy
6 on Rs 5 and 6 on
Rs 3 each should be
provided. The Jamadar
as in other places should
supervise their work.
The removal of silk
reel debris requires
as sanctioned by the
Government 4 sweepers
and a peon The
peon's pay is sanctioned
by Government in
their Proceedings at
Rs 7 a month. The
sweepers pay is put
down in Proceedings
No 15301-3 dated 2nd
& F 108-92 as
March 1893 at Rs 3 each

WR

We cannot get a
Sweeper on Rs 3 unless
we employ a man and
his wife which latter
takes 3 Rs, the husband
getting Rs 5 We should
have therefore 2 on Rs 5
each and 2 on Rs 3 each
Two carts and Six
Scavengers are sanctioned
by the Government in their
Proceedings of the 20th
March 1893 for private
Scavengering They
require funds at 12 Rs
a cart and at Rs 8
as above for each set
of two Scavengers. We
Cannot get a cart with
bullocks for less than
Rs 12 a month It is
not absolutely necessary
to retain the peon on
Rs 6 as before nor
a Sweeper on Rs 6
these are scored off

The

The Board already engages a cart at 15 Rs a month for ordinary Conservancy purposes Rs 15 is too high a rate I have reduced it to 12 Rs and retained the charge pending explanation in the case of Chemapatna and Nagadi. The removal of silk debris and night soil must be arranged for under Amani and carts are indis-pensible

Education (140) X

This is a grant to a Mission school

(141) XI

Rewards for killing dogs and snakes. Rs 40 proposed by the Board is excessive

It is reduced to Rs 20 which is twice as much as the grant for 1893-94.

The normal income excluding public works contributions of 87 RS and permanent charges as now proposed are therefore 2975 and 2196 respectively the proposed expenditure is within our means

(142) The financial position is as follows

Opening Balance	4964	
Annual income	2975	
Total Gross income		7939
Deduct permanent charges	2196	
Kamati Establishment	132	
Closing balance at 25 per cent of Income - 766	3094	
Funds available for Public works		4545

(143) The Board propose in all, an expenditure of Rs 1040 to which is to be added Rs 219 for charges for the improvement of the Dispensary as per Executive Engineer's requisition (vide docket No $\frac{562}{173}$ dated 9th February 1894) and Rs 136 for incomplete works of 1893–94 vide letter No. 354 of the 19th instant to the Chief Secretary This would leave a balance of Rs 3450 The roads are not in good condition I would add Rs 200 more to road repairs and leave the rest for the present pend.g

4. (X) *Miscellaneous.*—The omission of estimates under the marginally noted sub-heads accounts for the decrease under this head. The English school having been transferred to the Education Department in Government Proceedings, dated 2nd March 1894, C. No. 309—25, the estimated amount of fees, creditable to the Provincial Funds, is omitted in the present budget; but

the source from which item (2) was collected in 1892-93 in this and other municipalities, and the reason why no income is anticipated during the current year, should have been explained. The estimate will, however, stand.

5. The income as now estimated amounts to Rs. 1,049.

6. *Opening balance.*—The amount that remained to the credit of this municipality on 1st July 1894 is given by the Deputy Commissioner as Rs. 593. It is not explained how this figure or the other balances entered in the budgets of the remaining municipalities have been arrived at. As the actual balance in favor of each municipality on 1st July 1894 has been given by the Comptroller, the same will be adopted, as shown in the following statement :—

41. (*II*) *Head office.*—The provision will be reduced to Rs. 88.

42. (*IV*) *Conservancy.*—The employment of a Mutsaddi having been disallowed in para 10 *supra*, the moiety of his pay proposed to be debited to this head will also be struck out. But the proposed employment of two additional sweepers is sanctioned.

43. (*VII*) *Lighting.*—The increased provision, made for purposes noted below, is passed:—

	Rs.
(1) Lighting on contract 19 lamps at 11 annas per mensem ...	157
(2) Purchase of 11 lamp posts at Rs. 9 each	99
Total ..	256

44. (*VIII*) *Public works.*—The correct total of the provision made under this head is Rs. 2,811 as shown below and not Rs. 2,217 as erroneously entered in Budget Statement No. II. The provision for Kamatis (144) will be struck out and that for Reserve (500) reduced to Rs. 50:—

	Total ...	1,468	2,530	2,273

47. (*II*) *Head office.*—The provision under this head will be reduced to Rs. 55 in accordance with para 12 *supra*.

48. (*IV*) *Conservancy.*—There are at present twelve sweepers and one conservancy cart for the town. The Deputy Commissioner now proposes to reduce the number of sweepers by two, till houses in the Western Extension spring up, and to discontinue the use of the conservancy cart. Hence the decrease in the estimate, which is passed.

49. (*VII*) *Lighting.*—A provision of Rs. 72 is newly made in the present budget on account of new lamp posts and lanterns. Hence the increase in the estimate, which is approved.

50. (*VIII*) *Public works.*—The provision for the following works includes Rs 132, on account of the pay of Kamatis, which will be disallowed. The remaining items amount to Rs. 830 as entered in Budget Statement No. II and to Rs. 1,013 as entered in Budget Statement No. I. The latter figure, which includes Rs. 33 for "Water-supply, original," and increased provision for road repairs, will be sanctioned :—

Excluding the sum of Rs. 132 on account of Kamatis, disallowed, the other items are passed.

58. (X) *Education.*—The sum of Rs. 57 entered under this head on account of contribution payable towards to the cost of the English school in the town will be raised to Rs. 297 to meet the annual grant-in-aid of Rs. 240, which the Municipality has to make, towards the maintenance of Vernacular schools. (*Vide para* 17 *supra*).

59. The increases under other items are small and call for no remarks.

KANKANHALLI.

60. The receipts of this Municipality for 1894-95 are estimated at Rs. 1,001 (and not Rs. 1,007 as erroneously entered in Budget Statement No. I) against Rs. 1,175, the actuals of 1892-93 :—

					Actuals of 1892-93. Rs.	Estimate for 1894-95 Rs.

68. (*II*) *Head office.*—As directed in para 12 *supra*, the provision will be altered from Rs. 118 to Rs. 61.

69. (*IV*) *Conservancy.*—The employment of a Mutsaddi having been disallowed in para 11 *supra*, the usual provision for the Peon on Rs. 5 will be retained, that entered on account of a moiety of Mutsaddi's salary being struck out.

70. (*VIII*) *Public works.*—The following works are proposed to be executed during 1894-95 :—

		Rs.
(*a*)	Kamatis, one at Rs. 5 and two at Rs. 3	156
(*c*)	Roads, repairs	300
(*d*)	Drains, original	420

(*k*)	Dust-bins	61
(*m*)	Compensation for lands	100
(*o*)	Reserve	800
	Incomplete works	193
	Total ...	2,241

The provision is passed except item No. 1, which will be disallowed.

71. (X) *Education.*—The estimate under this head will be raised by Rs. 230 to meet the annual grant-in-aid for Vernacular schools in the town (*Vide* para 17 *supra*).

CHANNAPATNA.

72. The Municipal Board estimate the income of this Municipality for 1894-95 at Rs. 3,500 against Rs. 3,081, the actuals of 1892-93.

			Actuals of 1892-93.	Estimate for 1893-94

Adding to this the balance of Rs. 661, the sum available for expenditure during 1894-95 is Rs. 4,556. But the proposed expenditure exceeds this amount by Rs. 4,137, which the Deputy Commissioner proposes to meet from the sum of Rs. 5,236, the Government share of House and Mohatarfa taxes transferred to the Municipality for the years 1890-91 to 1892-93, but erroneously credited to Provincial Funds. The Comptroller is requested to report if this is the case and if the error was not rectified in 1893-94; and if not, what is the correct amount to be adjusted by a credit to the Municipal Funds and debit to the Provincial Funds. Pending the receipt of the Comptroller's report, the estimated expenditure has to be reduced.

76. (*II*) *Head office.*—In accordance with para 12 *supra*, the provision under this head will be reduced by Rs. 38.

77. (*IV*) *Conservancy.*—The hire of the conservancy cart is proposed to be reduced from Rs. 15 to 12 per mensem. This is approved.

78. (*VII*) *Lighting.*—The estimate will be reduced to Rs. 300, the amount required for lighting the existing twenty-five lamps in the town.

79. (*VIII*) *Public Works.*—Owing to the insufficiency of funds, the provisions made for the following works to be executed during 1894-95, will be reduced as shown under :—

		Proposed Rs.	Sanctioned. Rs
(*a*) Kamatis	... ...	192	...

80. (X) *Education.*—As the English school was transferred to the Education Department in Proceedings, dated 2nd March 1894, No. C. 309—25, the provision made on this account will be struck out, and in lieu thereof, a sum of Rs. 500 will be *entered to meet the annual grant-in-aid to the Vernacular* schools in the town (*vide* Proceedings, dated 12th October 1894, C. No. 11-20 —L. F. 116-93).

81. (*XI*) *Miscellaneous.*—The provision under this head includes Rs. 97 on account of contribution to Provincial Funds. This item will be struck out pending the submission of explanation as to the necessity for the same.

CLOSEPET.

82. The revenue of the municipality for 1894-95 is estimated at Rs. 2,975 against Rs. 3,560, the actuals of 1892-93 :—

		Actuals of 1892-93. Rs.	Estimate for 1894-95. Rs.
II	Tax on houses	1,314	1,300
VII	Mohatarfa	1,136	1,274
X	Miscellaneous	1,110	401
	Total ...	3,560	2,975

83. (*X*) *Miscellaneous.*—During 1892-93, a sum of Rs. 880 was realized from refunds and recoveries, while nothing is expected from this source during 1894-95. Hence the decrease in the estimate.

84. Including the opening balance of Rs. 6,049, the sum available for expenditure during 1894-95 is Rs. 9,024, of which Rs. 3,923 are proposed to be expended, leaving a balance of Rs. 5,101 at the end of the year :—

		Actuals of 1892-93. Rs.	Estimate for 1893-94. Rs.	Estimate for 1894-95. Rs.

85. (*II*) *Head office.*—The provision under this head will be reduced to Rs. 65.

86. (*IV*) *Conservancy.*—The details of the estimate proposed under this head are given below compared with those of the previous year :—

	1893-94. Rs.	1894-95. Rs.
1. Peon	1 at 6 = 72	...
2. Peon	1 at 7 = 84	1 at 7 = 84
3. Sweepers	8 at 5 = 480	8 at 5 = 480
4. Sweepers	5 at 4 = 240	...
5. Speepers	1 at 6 = 72	...

7. Conservancy cart	2 at 10 = 240	3 at 12 = 432
8. Other charges	186	18
Total ...	1,518	1,302

The Deputy Commissioner states that the existing two carts are quite inadequate, and an additional cart is absolutely necessary for the removal of silk debris and night soil. The provision is approved.

87. (*VIII*) *Public works.*—The provision made under this head, as per details given below, is approved, excepting the item of Rs. 132 on account of the pay of Kamatis, which will be struck out :—

	Rs.
(*a*) Kamatis	132
(*b*) Roads, original	300

	Total ...	1,354	3,659	3,302

90. (*II*) *Head office.*—The provision under this head will be reduced to Rs. 89.

91. (*IV*) *Conservancy.*—As the employment of a Mutsaddi has not been sanctioned, the Peon on Rs. 5 will be retained. The Deputy Commissioner proposes to employ five additional sweepers, one on Rs. 5 and four on Rs. 3 each, the pay of the five sweepers now on the establishment drawing Rs. $3\frac{1}{2}$ being raised by half rupee each. The proposal is sanctioned.

92. (*VIII*) *Public works.*—The following works are proposed to be executed during 1894-95. The provision made for them is approved :—

		Rs.
(*b*)	Roads, original	100
(*c*)	Roads, repairs	300

113. (*IX*) *Charitable grants.*—There was a provision of Rs. 65 in the budget for 1893-94 to meet a moiety of the cost of the salary of the midwife, but this has been omitted in the present budget without any explanation. It is observed that in the sanctioned District Fund budget of the Bangalore Circle for 1894-95, a sum of Rs. 610 was provided to meet a moiety of the cost of the salaries, &c, of the five midwives proposed to be employed in the District, while the budgets of the municipalities, which have to bear the remaining moiety, provide Rs. 325 only as noted in the margin. The Deputy Commissioner is therefore requested to report the names of the five Taluks, in which the five midwives are to be employed and the amount which has to be contributed by each municipality. Pending receipt of this information, the usual provision of Rs. 65 will be entered in this budget, the estimates entered in the other budgets being allowed to stand.

118. (*II*) *Head office.*—For reasons given in para 12 *supra*, the provision under this head will be reduced by Rs. 32.

119. (*IV*) *Conservancy*—In the sanctioned budget for 1893-94, there was a provision of Rs. 290, of which Rs. 240 was on account of the pay of four sweepers on Rs. 5 each and Rs. 50 for other charges. The Deputy Commissioner proposes to reduce the latter to Rs. 8 and to employ four additional sweepers on Rs. 3 each per mensem. This proposal, which involves a net increase of Rs. 102, is sanctioned, and the estimate approved.

120. (*VIII*) *Public works*.—The provision under this head, shown below, includes Rs. 132 on account of the pay of the Kamatis, which will be struck out. The provision made for other items will be allowed:—

		Rs
(*a*) Kamatis	...	132
(*b*) Roads, original	...	300
(*c*) Roads repairs	...	300
(*d*) Drains, original	...	900
(*e*) Drains repairs	...	150
(*m*) Compensation	...	500
(*o*) Reserve	...	50
Incomplete works	...	14
Total	...	2,346

121. (X) *Education*.—The sum heretofore provided for a Sanskrit school Master is omitted as being unnecessary. Hence the decrease under this head. A sum of Rs. 80 will be entered for the Vernacular school in the town.

122. Subject to the remarks and explanations called for, the estimated receipts and expenditure of the several minor municipalities of the Bangalore District will stand as shown in the accompanying appendices, of which an abstract is given hereunder:—
